## Who started the fire?

By Ceilidh McClurg

Martha Kotlarchuck says the view from her bedroom window was beautiful, however when she realized the pretty orange and red light reflecting around the room was the shimmer of a fire, she leapt out of bed.

Ray and Martha Kotlarchuck could do nothing more than watch as their garage burnt to the ground last Monday night.

The blaze claimed many of the couple's treasured collectibles, including an antique chandelier and a record collection.

It also completely destroyed both of their vehicles which were parked in the garage.

But she looks at this way, "No one was hurt and that is the most important."

The blaze started around 2 a.m. on June 9 at their home at 2113 12 Ave.

The fire inspector, police and an insurance adjuster were analysing the damage last week, as the Kotlarchucks stayed at their son's home.

A survey of the scene shows that not only was the unattached garage burnt, the back of the house sustained heavy damage as did the fence and her neighbor's garage.

Police are now asking for public assistance in identifying the cause of the blaze.

Local RCMP Sgt. Ron Platz says, "The RCMP have determined that the fire is of suspicious origin and may have been started by individuals were in the park."

However, Platz says that although it may have been started by an individual, it is suspected that it wasn't started for any malicious intent on the Kotlarchucks.

## New doctor packs his bag to head for Didsbury

By Ceilidh McClurg

What's up Doc?

Well, the Didsbury and District Hospital is soon to see a new addition.

Dr. Harry Koonar will fly into the area next Monday, and will hang up his stethoscope in the local hospital in July 6.

Koonar, 31, and his family are coming all the way from Toronto, where he currently is finishing a seven year tenure in the megacity.

He says, "We are very anxious to get out of here." Koonar actually grew up in Calgary and graduated from the University of Calgary Medical School in 1991. He says he can wait to get back to the area.

The reason?

"The mountains. I miss them," he says. He also believes that it will be good to bring his young family back to Alberta.

Although Koonar will be living in Calgary and commuting daily, he says the small town atmosphere is also something he is looking forward to in his professional life.

"Quite a few of my friends have worked in Didsbury in the past, so I've heard good things about it," says Koonar. He says he believes the biggest difference between working at the Toronto Hospital and the Didsbury Hospital will be, "The people will be so much more friendly. There will be a different attitude and cleaner air."

The decision for Koonar to

come to Didsbury was a long time in the making. About a year and a half ago, he had decided to come back to Alberta.

He sought out the possibility of working a small town close to Calgary and in doing so spoke to the district medical officer for Regional Health Authority Five. The officer told Koonar that there would be a position opening in either Didsbury or Carstairs.

He was encouraged into the area under the Rural Physician Action Plan.

Through the months all the pieces started to come together and Koonar and his family are in Toronto packing right now for the big move.

His wife, Karen is also excited about the transition. They will

bring with them their 3 year old son, Jevan, and their 2 year old daughter, Jasmine. The couple also has another child on the way.

Koonar has spent the last year taking one extra year of family practice residency to fall into the Alberta guidelines from the College of Physicians.

However, he also has other areas of expertise.

"Emergency medicine is the area where I've spent most of my time," he says. With five years of experience in the ER in the North York Branson Hospital, he comes to Didsbury prepared for emergency situations.

Koonar also enjoys sports medicine, and will be pleased to accept patients in that realm.

Besides being a doctor, he enjoys mountain biking, hiking and hockey.

When Koonar arrives in town, it won't be all unfamiliar faces. In fact, he graduated with Dr. Scott Holder from U of C in 1991.

Koonar says he realizes that coming to Alberta will present different challenges than the ones he faces in Ontario at the moment. He says he has been trying to follow the news of job action by Alberta doctors, and begin to understand some of their concerns.

Despite the challenges that he is to face, Koonar says he believes that Alberta Medicine is slowly taking steps in the right direction.

## Major projects due

By Ceilidh McClurg

A schedule has been set to address the problems of aging facilities within the school board jurisdiction.

Chinook's Edge School Board has been one of the only jurisdictions in the province to set a long term plan for addressing the province wide problem. They first did so in the Facilities Master Plan (FMP) that looked from 1996 to 2000, and they have just added another two years to the plan.

Lyal Thomson, assistant superintendent, presented years six and seven of the long range plan to the board last week.

"Realizing that we don't have enough funding... We've been tackling (the problems) as we can," said Thomson in his presentation.

With an estimated \$2.5 million in funds for years six and seven available to upgrade current facilities, concerns such as heating and ventilation and roofing at many schools was addressed. Every school in the jurisdiction has had work done to it, or will have work completed during the seven years of the FMP.

As part of the original five years of the FMP Didsbury High School is set for roof and ventilation repairs this year at a cost of \$80,000.

In the newly accepted schedule for 2001 and 2002, Didsbury High School will see major overhaul of the configuration of classrooms in the school. Besides some reassignment and renovations of some classrooms, there will be new Career and Technology Studies (CTS) labs and classrooms put into place. Also, the oldest section of the school, there will be replacement and renovations on the floors and walls.

Thomson addressed the needs of Westglen, although he

added that because it is a fairly new school, there is basically only a need for some general maintenance. However, in 2002, the school is scheduled for replacement of pulse boilers at a cost of \$48,000.

Ross Ford Elementary has been scheduled in the next few years for upgrades including more lockers, library renovations, and administration area upgrades.

Information on all other schools is available through Chinook's Edge.

Trustee Becky Lewis said, "I think we are really addressing our schools needs fairly quickly."

In fact, the schedule for many of the repairs had been moved forward due to savings in other areas of maintenance like caretaking, said Thomson.

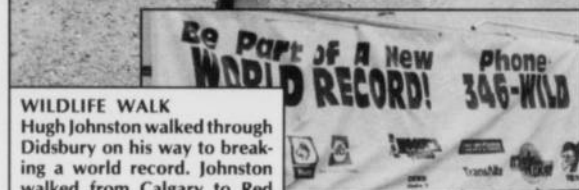

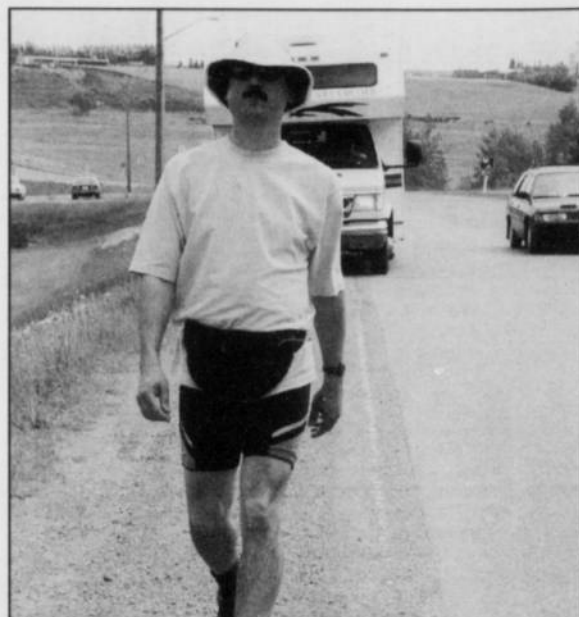

The schools, and their scheduled repairs were decided upon through a process of discussion with principals and an architect who toured every school.

Thomson says the priorities were laid out on an "as needed basis." However, health and safety issues were moved to the top of the list at any school.

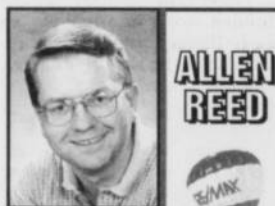

Thomson also indicated that the schedule for repairs did not take into account that the way facilities are funded may change in the next year or so.

The province is examining the possibility of going to a "block funding" format, whereby each division would get a certain per capita amount per year and would have to prioritize and save up reserves for big projects. Currently, funding is based on an "as needed" application model at the provincial level. Thomson indicated that if there is a change in the funding, there will also have to be changes in the long term upgrading plan.

Years six and seven of the FMP, was unanimously accepted by the school board.

**WILDLIFE WALK**

Hugh Johnston walked through Didsbury on his way to breaking a world record. Johnston walked from Calgary to Red Deer collecting twoonies for wildlife, which he hopes can be put into a column to build the world's most valuable column of coins.

# Schools will see \$4 million more

By Ceilidh McClurg

Pressure applied to the province from school boards across the province resulted in an improved financial picture for most boards, including Chinook's Edge School Board.

"It is a way better budget than last year," said Didsbury trustee Deb Cousins after voting in favor of accepting the document.

The trustees met last week to thoroughly examine the final budget document presented to them by the board treasurer, Susan Roy.

Roy pointed out the largest increase in her presentation that showed a grant increase of 30% to the board for mild and moderately disabled students. It has also risen 30% for severely disabled students.

She said, "The increase in Mild and Moderate funding is a direct result of efforts by Alberta Education, Alberta trustees and educators across the province to show that special needs programs were underfunded."

The schools that educated these students, were often finding themselves in a deficit situation at the end of the year. Roy said, "The increase will go directly to schools to address shortfalls in these programs."

The per student basic instruction grant for all students also saw an increase. In the 1997/98 school year, the per full-time student grant was \$3,698.

As of September of the new 1998/99 school year, the funding has increased to \$3,860 per student. The projected enrolment used for budgeting was 10,750 full-time equivalent students. This is a rise of 1.4%.

The total budget for this coming school year has increased from \$55.2 million last year, to \$59.8 million for this year.

Roy said the increase will not be used to subsidize any new programs at the central office level, but each school will see the direct benefit of those dollars.

"The board has credited the full amount of the funding in-

crease to the schools and kept the centrally held instruction funds at the 1997/98 level," said Roy.

Each school projects their full-time equivalent enrolment as of September 30 of the year and is credited that amount of money. Roy explains that due to the new concept of site-based management, each school will determine how their dollars are spent based on a specific perimeter set by the school board.

High schools within the division will receive 5% more per student than the lower grades. Roy explains that this came out of a series of meetings with principals and other educators over the past years.

"Discussions clearly showed that there are increased staffing costs at the high school level... due to an increased number of instructional hours for high school students, as well as the necessity to provide a wider variety of courses to high school students," said Roy.

Among other highlights in the budget, there is new funding being provided for a Teacher Assistant Program. The funding for this program is \$39 per Grade 1 to 6 student in the division, and the money will be put towards hiring teacher's aides in the classrooms.

Other provincial government funded programs include an early literacy program, the expansion of the English as a Second Language program, and the continuation of the Technology Integration Funding.

Kindergarten funding has increased 2%. However Roy adds, "Even with this funding increase, the division must transfer \$25,000 from the Grade 1 to 12 funding to balance the kindergarten budget."

The budget accepted was a surplus budget, whereby the excess dollars were used to build up dwindling reserves in areas such as buildings, equipment and contingency funds. A transportation surplus of \$322,000 will be used for school bus replacement.

## WHAT REMAINS

Above, All that is left of the Kotlarchuck's two vehicles are the burnt remains. The couple had insurance coverage for both their home and vehicles.

Right, the structural damage to the house was enough to keep the couple out of their home for almost a week.

Photos By Kelly Kotlarchuck

# Police seek assistance

Continued from Page 1

"In all likelihood the fire was probably started for curiosity or an impulse to see a fire started and not realizing the seriousness of this incident," says Platz.

Martha says that she concurs with the estimations of the police. However she hopes that her

experience will show people that there are consequences to their actions, whether they are intended to be harmful or not.

Anyone who may have seen or heard anything is asked to call the Didsbury RCMP at 335-3382 or Crimestoppers.

# Bus contract vs. ownership talks at school board

By Ceilidh McClurg

The school board will examine a different route for student buses.

The Chinook's Edge board has decided it would be worthwhile to examine the possibility of contracting out bus services.

The referral to the education committee, regarding bus services, was made after a presentation from a private contractor proposing a private bus service.

The board was however quick to caution that just because they are doing a study of the pros and cons of contracting out, doesn't mean that it will be the option chosen. However, the presentation did start a discussion process.

Board chair, Linda Yargeau

says that as a public body, "We are obligated to continually analyse efficiency."

Local trustee, Deb Cousins explains that the bus service in the south end of the jurisdiction, including Didsbury, Carstairs and Olds, is currently done with buses owned by Chinook's Edge. This means that there are also mechanics and a repair shop being paid for by Chinook's Edge. In contrast, the bus routes in the north end of the division are for the most part contracted out to private enterprise.

Cousins believes that before they continue discussion about increasing the number of buses they own, they should examine the feasibility of both options.

A representative from Prai-

rie Bus Lines, who currently have the contract for some bus runs in the north, spoke the board regarding purchasing all of the buses currently owned by Chinook's Edge, and taking over the routes.

"What we are offering to you is the removal of all risk whether it be maintenance, labor, or any other," said Bob Bradford from the company.

Part of the proposal included the board maintaining all control over the routes and a clause that would allow the board to cancel the contract if they felt appropriate service wasn't being provided. Bradford indicated that Prairie Bus Lines was seeking a five year contract.

The board said they were not willing to seriously con-

sider any contract with the company unless they first had a discussion on contract versus ownership.

Prairie Bus Lines offered to purchase all buses and any equipment from the board for about \$2.5 million. They would then take the transportation grant given by the province to operate the service. Bradford indicated that part of the proposal included a 5% rebate (or about \$200,000) of the transportation grant back to Chinook's Edge for administration costs.

The board listened to the proposal after which acting superintendent, Jim Gibbons said, "Not only do we have buses, but we also have employees."

The trustees asked if there was a clause in the proposal

requiring that Prairie Bus Lines use existing Chinook's Edge staff, if they were to contract the service begin offered.

"We would anticipate taking on as many existing staff as we possibly could," said Bradford. However, he added that the company does have its own hiring standards.

He added, "We think we are offering you a real alternative."

Later in the meeting, trustees expressed concerns about the "hidden factors" including additional costs of field trips, and the level of complaints on contract versus Chinook's Edge owned buses.

However, all indicated that they would like to see a further discussion take place. They indicated any decision could take more than a year to make.

## EDITORIAL / OPINIONS

## To Daddy, with love

I got a phone call from my mom last week. We had some meaningless conversation for a few minutes and then she said, "Nicole, you know that beautiful editorial you wrote for me on Mother's Day? Well, I was just wondering if you were going to do the same for your Dad?"

Nicole  
SMITH

You know, the approaching celebration of Father's Day had totally slipped my mind. And I feel guilty about that.

It just seems to me that Mother's Day is something that has become so commercialized, with greeting cards, flowers and candy, yet Father's Day doesn't receive such widespread recognition.

Well, why doesn't it?

In this divorce-stricken, children out of wedlock, single parent society, fathers have gotten a bad rap. Sure, we always hear about the single mothers in the world and how hard it is for them to be both mother and father while trying to earn a living, but what about the single dads? It's just as hard for them.

And even in the traditional family setting, with both mother and father and two point five children, the fathers are being pushed to the side. They are being lost in the limelight of the maternal role.

Well, it's not like that in my family. Neither my mother, nor my father is the "boss," though my Dad would argue that to his grave. They are equal partners in everything from financial matters to the upbringing of their children.

During my childhood, I used to get very angry with my father because I saw him as the "mean" parent, but as I look back my mom could be quite a bear too. But, somehow I always considered him to be some tyrannical, authoritarian figure in my oh-so-sheltered, horrible teenage life. Man, was I ever stupid.

I took my dad for granted and didn't realize what the lessons to be learned were. You don't let guys walk all over you. You stand up for yourself. You be an honest person. You have to respect yourself before anyone else will. It has taken me twenty years to realize how smart my dad really is.

And he's pretty cool, too.

My point is that fathers deserve just as much recognition as mothers do these days. It takes a big man to make a life-long commitment to a child and to stick with it. Sure, not all fathers are super heroes, but then again, neither are all mothers.

But my dad is a super hero. You'd have to be to put up with me as a teenager.

So, Happy Father's Day, Weiner! I love you and hope you have a great day!

Parks Canada Agency -  
bureaucratic nightmare?

The creation of the new Parks Canada Agency could bring notable changes to Banff National Park.

I supported Bill C-29 because I believed in the concept of having our national parks and heritage sites administered in an accountable, efficient and cost effective manner. However, I was hoping that this bill would guarantee that fees at Canada's national parks and heritage sites would not become prohibitively expensive.

Fees have risen dramatically in Banff National Park over the past five years. Many of the letters I receive, from seniors

groups to tourists from all over the world, have all noted an increase in fees.

One of the main problems with this bill was its lack of detail regarding how the agency will be financed and run, what the effective administration costs of operating the agency will be and what portion of that cost

might be financed by user fees. All of these details will not be known until the Agency is set up.

As of now it has been reported that the agency is counting on receiving \$70 million from user fees in fiscal

year 1997-98 and an increased amount in subsequent years. Therefore the agency will have to know exactly what consumers are willing to spend on our national parks and heritage sites because any miscalculation could hinder its functioning and directly affect the consumer.

Finally, the Liberal amendment designed to ensure bilingual services in Canada's national parks was passed. This will have a dramatic effect on all the sub-contractors within Banff.

This was ridiculous political amendment proposed by the Ontario led Liberals to directly impact the majority of western based National Parks employees and it will not be forgotten during the next election.

Myron  
THOMPSON

The opinions published on this page are the expressed opinions of the author and do not necessarily reflect the view of this newspaper or its publisher.

Social Credit Party  
welcomes investigation

A news release from the  
Social Credit Party

The Alberta Social Credit Party is elated that New Democrat candidate Carol Anne Dean had taken the initiative to request that the Alberta Human Rights and Citizenship Commission investigate the issue of discrimination and sexual orientation.

Responding to the New Democrat decision, Social Credit Party Leader Randy Thorsteinson replied, "Great! We think it's time to have a full public inquiry into the whole issue of sexual orientation and how it applies to individual rights."

The recent Social Credit Party brochure "Black & White" attacked the stand of the Alberta government to back the Supreme Court of Canada ruling in the Delwin Vriend case. As the ruling gives individuals the right to challenge societal issues for discrimination based on sexual orientation, the brochure has rightly pointed out that this will apply not only to homosexuals, but to pedophiles, or, in fact, anyone else who believes that their particular preference has subjected them to what they consider discriminatory practices.

"Nancy MacBeth, Ralph Klein and all those who fail to see the implication of such a broad ranging ruling are being extremely short-sighted and close minded," Thorsteinson said. "The belief that this will not lead to recognition of homosexual marriage, adoption and spousal benefits in Alberta is sadly misled."

Thorsteinson points to several recent rulings in other provinces that pave the way for the same acceptance of a controversial issue in Alberta.

"The M & H ruling by the Ontario Court of Appeal is expected to be approved this fall by the Supreme Court. This

ruling clearly paves the way for Homosexual Marriage in all provinces which provide Sexual Orientation protection in their Human Rights Legislation.

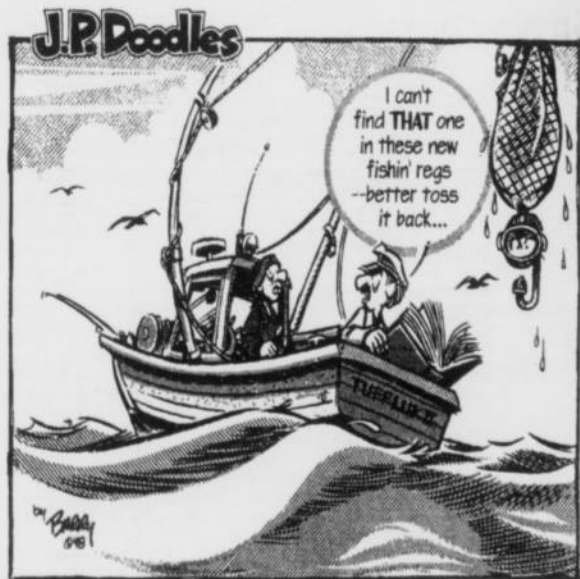

"In sentencing Maple Leaf Gardens child molester Gordon Stuckless to a slap on the wrist of two years less a day for 572 sex attacks on young boys. Mr. Justice David Watt said, "Incarceration cannot alter a life-long sexual preference."

Premier Ralph Klein has indicated that government will "build fences" around certain aspects of this issue to ease the concerns of Albertans. Based on the Klein government's past performance to simply accept Supreme Court decisions, Thorsteinson does not see how such "fences" could or would be implemented.

"I am most concerned with the secretive manner in which this issue was dealt with by the government. The people of Alberta were not consulted on this issue even when there was tremendous opposition to the ruling," Thorsteinson said. "Many members of Mr. Klein's own caucus share our concerns over the long term implications of the Supreme Court's Vriend decision. If he won't listen to his own people, who will he pay attention to?"

In a letter to the premier, Thorsteinson urges Klein to conduct a provincial referendum on invoking the Notwithstanding Clause in the Vriend decision in conjunction with the election of Alberta "Senators in waiting" this fall.

"It's important that Albertans have a voice in issues like this," Thorsteinson said. "Unlike the provincial government and the Supreme Court judges, we don't want to tell people what to think, we just want them to have the right to think and to express their views on matters that affect all of society and its future."

## Schools, taxpayers and accountability

By Mark Milke, Provincial Director of Canadian Taxpayers Federation

Accountability in government is all too rare. Sometimes that's because the proper amount of needed spending is difficult to determine. (Anybody know what was the "correct" amount to have spent on the Cold War?) Often though, accountability simply gets sidestepped because politicians prefer to dance with vested business, labour and intellectual elites.

Despite that, governments occasionally decide they can enforce standards, demand quality, and require an accounting of taxpayer's dollars. The provincial government's recent decision to shut down a charter school in Calgary is a good example of that sudden realization.

Alberta Education Minister Gary Mar has instructed the Global Academy to close because of concerns over individualized learning plans, school governance, financial viability and issues related to charter school mandates. While we at the CTF do not know

if the points raised are correctable or whether the province was right to close the school - there will inevitably be disagreements over such issues - the shocking news is that a government in Canada actually believes that schools and those who operate them should be accountable to taxpayers. What a novel idea.

Predictably, those who dislike parental control and alternative schools jumped all over the Global closure to demand that the province clamp down on choice. Raj Pannu, the New Democrat's education critic, wants the government to halt any further approvals of new charter schools until a public review decides whether they represent a sound approach to education.

It would be nice if education critics, especially elected ones that are supposed to care about the connection between taxpayer's dollars and quality, could widen their scope of concern. Perhaps they could focus on why no public school has been shut down in recent memory due to inadequate

performance. Why not take a strip off the government for not demanding, say, that all schools, not just private or charter, be able to teach reading, writing, and arithmetic at a level considered normal a generation or two ago - or face the possibility of closure?

And why not ask the Alberta Teacher's Association (ATA) why they're so afraid of competition? When the ATA flies into a furry over private school funding, and Liberal, New Democrat and Conservative politicians alike rant against school choice, they are public education's greatest critics. Apparently, critics of school choice assume that if private schools or charter schools (who are quasi-independent) were given equal funding and allowed to flourish, then parents would flee the public system in a heartbeat. That's quite the revealing assumption.

And why do critics of school choice and competition assume parents would shift their child around every year in search of a

superior school? Surely we can assume most parents care about their kids at least as much as do teachers and administrators, and prefer long-term stability and would only move their children around as a last resort.

Charter schools are a good start in (hopefully) ever-expanding school choice for Albertans. While most teachers and admin-

istrators - public, charter or private - do a wonderful job given the plethora of pressures on them, some do not.

As for accountability, you'll know the province is taking the concerns of public school parents seriously when they one day announce they've shut down a public school for not meeting minimum standards.

## Nature Watch

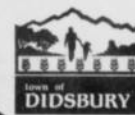

Did you know . . .

Animal lifespans vary greatly: gray squirrels live about ten years, grizzly bears live about 25 years, kangaroos about seven years, elephants 35 to 40 years and moose about 12 years.

## Do you have a Green Thumb?

Would you like to play a key role in maintaining and beautifying the Town of Didsbury Parks & Greenspaces? If so, we may have a position for you!

**Position Title:** Technical Maintenance Operator 1 Reporting to the Operational Services Foreman, the incumbents main responsibilities will be related to the daily maintenance of all Town owned parks and "greenspace" areas. Other duties would also be required as assigned. This is a temporary, full time position based on 40 hours per week (8 hours per day, Monday to Friday).

This position requires an energetic individual with knowledge and experience in landscaping, turf maintenance, horticulture, and must have an ability to work under minimal supervision. A grade 12 diploma is preferred, a valid First Aid Certificate would be an asset, and a valid Alberta class 5 driver's licence is required.

Rate of Pay: Current salary grid is \$10.15-\$10.56/ hour (union position) Interested candidates should forward their application prior to June 19, 1998 to:

Wes Yeoman, CET  
Director of Engineering & Operational Services  
Town of Didsbury  
PO Box 790  
Didsbury, AB T0M 0W0

Only those applicants selected for an interview will be contacted

## SUMMER FUN

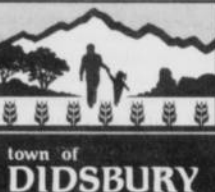

If you have children who would be interested in attending a summer fun program, please contact the Town Office with the children name(s), ages and contact telephone number.

## New Development Permit Applications

The following Development Permits have been issued for the following proposed developments:

|       |                      |                     |    |
|-------|----------------------|---------------------|----|
| 39-98 | 1610-20 Street       | Small Engine Repair | C1 |
| 40-98 | Block A/Plan 2981 JK | Porch Addition      | UR |
| 41-98 | 1202-18 Street       | Garage              | R3 |

Further information may be obtained at the Town Office, 2037 19 Ave. or by calling 335-3391. Persons wishing to appeal any of these decisions must do so in writing to the secretary, Development Appeal Board, prior to 4:30 p.m. on July 1, 1998.  
Robert Wigg - Development Officer

## 1997 Financial Statements

Copies of the 1997 Financial Statements and the Municipal Financial Information Return are available to the public at the Town Office. There is no charge for the first copy of these documents.

## Municipal Development Plan

Town Council has given first reading of a bylaw to adopt the Town of Didsbury's Municipal Development Plan. Copies are available for pickup at the Town Office, 2037 - 19 Ave, or call 335-3391. We welcome your comments.

The Town of Didsbury is accepting applications for the position of Returning Officer for the October, 1998 Municipal Election. Interested persons should submit a letter of application, including relevant qualifications and experience by June 19, 1998 to:

Sandra King  
Director of Corporate Services  
Town of Didsbury  
Box 790  
Didsbury, AB T0M 0W0

## 1998 Tax and Assessment Notices

have been mailed by the Town of Didsbury on May 29, 1998. Any person wishing to appeal their assessment to the Assessment Review Board will be required to pay a fee of \$25.00 per property. This fee will be refunded if the appeal is successful.

## Deadline for appeal is June 30, 1998

## 1998 Town of Didsbury Household Toxic Roundup

Where: Town of Didsbury Works Yard (19 street)  
When: Friday, June 19, 1998 from 4p.m. to 7p.m.

Members of the Didsbury Environmental Advisory Board have volunteered their time to provide their assistance at this event.

For more information please call the Town Office at 335-3391.

## Are you interested in running for TOWN COUNCIL?

Information packages are available from the Town Office which include valuable information to help you in your decision and to familiarize you with some basic information regarding the Town of Didsbury and its operations.

## SUMMER FUN PROGRAMMER

The Town of Didsbury is seeking a Summer Fun Programmer. Applicants should possess strong skills relating to children. Preference will be given to applicants with a Recreational Background. Please forward resume to:

TOWN OF DIDSBURY  
Box 790  
Didsbury, Alberta  
T0M 0W0  
Attention: Alana Hagel

## FROM THE MAILBAG

### Wonderings of the heart

By Margaret Fradley

There is a delightful story of a little girl who's father was a minister.

One evening at supper, the father announced he had some very important work to be done in his study, and he was not to be disturbed under any circumstance.

He hadn't been in his study long before he heard a sound, looking up he saw the door handle being gently turned. He returned to his work.

Out of the corner of his eye he saw the door being pushed ajar and his youngest daughter quietly slipped in, sidled along the wall and sat down. The minister carried on working, but finally said, "Well Mary, what is it you want?"

"Oh Daddy," said Mary, "I don't want anything, I just wanted to be with you."

I know there are times when our Heavenly Father would have great pleasure when we came into His presence, just to be with Him.

## Didsbury doctor's a treasure

Dear Editor,

This is the first time I have ever written a letter to the editor, but I was quite upset with the letter in the April 22 issue of the Didsbury Review, opposing a raise for the doctors.

First of all, the doctors took a wage cut a few years ago, so if the government has a surplus, why shouldn't they at least get their wage cut back. Personally, I feel they should have more than that. What other profession takes at least seven years in university to get just their residency and then another three to five years to get a degree. I also feel that rural doctors have to work a lot more weekends and overtime than city doctors.

I guess the thing that made

me really appreciate our doctors was when I had the misfortune to fall on a rough sidewalk in a Calgary shopping centre a few weeks ago. We went to a friend's house, she bandaged my hand and washed me up. I told her we planned to stop at a hospital. She said she hoped it wouldn't be in Calgary as we could be at the Didsbury Hospital in an hour and if we went to a Calgary ER we'd probably still be waiting.

When we arrived in Didsbury we stopped at the hospital to inquire if Dr. Ahmad was still at his office. Fortunately for me he was just leaving the hospital, having been called from his office for an emergency. Dr. Ahmad took me in, cleaned up the side of

my face, put in a few stitches and instructed the nurse how to do my hand, then he left, as he still had patients waiting in his office.

I think we are very fortunate in Didsbury to have a good hospital and really good doctors.

The author of this letter also said she hoped the grocery store wouldn't close. I'm sure the owner is very happy with his situation. When we moved to Didsbury in 1950 there were four grocery stores and two independent meat markets and approximately half as many people living here.

Sincerely,

Beth Olesen (Campbell)  
Didsbury

## Help farmers in grain wars

The world is on the brink of another grain war, and the NDP agriculture critic Dick Proctor (MP Palliser) has called on the federal government for a commitment to protect Canadian farmers.

"The European Union and the United States are using export subsidies that are driving down international grain prices, just as they did during the 1980s," said Proctor.

Finland recently sold subsidized barley to a market in California, and the United States has retaliated by subsidizing barley sales to several European countries. The Americans are warning that they will take further retaliatory actions.

"Canada's minister of agriculture Lyle Vanciel has been pleading poverty, which means that once again our farmers will be meat in the sandwich," Proctor said. "Instead of hand-wringing and wishing the problem away, the minister should make specific proposals about what he will do to assist Canadian grain farmers."

## Letters are welcome

Your comment on content or issues of interest to members of our community are welcome. All letters must be signed, (signature to be printed), include a phone number and address. All letters may be edited for brevity, clarity and libel.

## Summer bicycle safety

Dear Editor,

With the arrival of summer comes an increase in the number of bicycles and children on the road. With these bikes comes the realization that many of the children riding them do not acknowledge the rules of the road, and that they too are considered vehicles. This results in incidents which could cause injury to the riders of these bikes.

Time and time again we have seen children disregard stop signs, ride in the middle or wrong side of the street, and dart out from behind parked cars. These situations are a tragedy waiting to happen.

It is the opinion of many drivers that the children would be much safer if they were taught to ride responsibly. Although many drivers realize the integral part they play in the use of caution, it does not seem appropriate that the drivers should hold all of the responsibility for road safety.

If parents would take the time to ensure their children know how to conduct themselves on the streets, we would all be thankful, as well as safer.

Sincerely,

Sean Milne and Russell Bisschop

### MUNICIPAL 2000 SPONSORSHIP PROGRAM

I am very pleased to tell you about a new grant program called the Municipal 2000 Sponsorship Program, aimed at promoting excellence in local governance and improving the quality of life for Albertans.

The program will give small and medium sized municipalities, where the need for help for innovation is usually greater, a hand to try new, innovative and cooperative ways of improving services for Albertans. Through this program, we particularly want to encourage municipalities to be good neighbours and look for ways to work together to provide services.

Municipalities with populations up to 20,000 are eligible (with the exception of summer villages). About 300 of Alberta's 362 municipalities are in this category, and they serve about 900,000 Albertans.

We recognize that reduced provincial funding has had a significant impact on some municipalities, particularly those with a small tax base. Municipal officials and community members have spoken frankly to provincial government representatives about the spin-off effects of provincial cutbacks, aging municipal infrastructure, and other pressures on local governments.

We have responded by putting in place the new Municipal 2000 Sponsorship Program. However, this program is just part of our commitment to increase support to municipalities. This year the provincial government has provided more funding to municipalities to improve the quality of property assessments and it continues to support restructuring. Through the Premier's Task Force on Infrastructure we are continuing to look for new ways to support infrastructure development.

Municipalities have taken their share of the burden in getting our financial house in order. We are committed to working closely with municipalities to help them with the fiscal challenges they are facing.

DEADLINE: for applying is July 15, 1998. For copies of the application and guidelines, contact Ram Rajendra at (403) 427-2225. For toll-free, dial 310-0000 first.

## Outreach grads reach for the top

The Didsbury Outreach graduates partook in their ceremonies last week. There were a total of 14 grads.

Above, presenting the graduates of 1998.

Front Row (left to right): Amy Sumlak, Barbara Aubut, Nova Barrow, Raylene Graham.

Back Row: Sue Hengstler, Sharon Martyn, Melissa Garland, Jon Vermunt, Jennifer Jensen, Gerry Samoisette, Kim Rosadiuk, Christy Niemeyer, Nicole Armstrong, Skye Ramage.

This was the third graduating class since Outreach's inception.

Each student was given their diploma certificate after one of the three teachers related a personalized biography of their time at Outreach School. The speaker for the evening was Chinook's Edge assistant superintendent, Lyall Thomson. He told the grads, "Follow your bliss in life," and to make the most of their years after graduation.

Among the graduates, Jon Vermunt was congratulated as one of the few students in the province who achieved a 90% average in English 30.

The teachers at Didsbury Outreach, Pat St. John, Ruth Hall and Carol Williams, told each student how proud they should be of themselves for going beyond the standards.

## South West Didsbury news

By Bessie Eckstrand

Sympathy of the West area goes to the family of Charlie Brytas. He passed away in the Sundre Auxiliary Hospital on May 20 at the age of 83 years. Funeral services were held May 25 in the Cremona Congregational Church with Rev. Frank Cummins officiating. Interment was in the Didsbury Cemetery.

Charlie was born Jan. 21, 1915 in Cardiff, Wales. He immigrated to Canada and with his family, resided in the Elkton district all his life, where he worked and farmed. Charlie hadn't been too well the last few years and will be sadly missed by his companion Irene Tippe and family and friends.

Congratulations and best wishes of the area go to newlyweds Eric Keulker (son of Henry Keulker) and Heather Niesen (daughter of Ken and Rose Niesen of Campbell River,

BC), who were married May 16 in the Abbotsford, BC Trinity Christian Church. A reception and dance followed, for about 80 family and friends at Chum Centre in Abbotsford.

Eric is a clinical psychologist and works for the Federal Correctional Services in Abbotsford and Heather is a nurse in the local hospital. Relatives and family in attendance were from Didsbury, Calgary, Manitoba, Ontario and Hinton.

The happy couple honeymooned on Vancouver Island for a week before returning to Abbotsford to work and live. Best wishes Eric and Heather for many happy years together.

Weather has been cool and frost has been reported in the low areas. We could do with some rain in this area. Hay crops are going to be a little short and pastures are showing signs of drying up.

Bessie  
ECKSTRAND

**PANCAKE PALS**  
Westglen School held their annual pancake breakfast last Wednesday morning. The students and members of the community enjoyed a pancake breakfast served up by the teachers of Westglen on the school lawn.

## Area artist are choice

Artists Laurie Winter, Elsie Archer of Didsbury and Barbara Rivers of Eagle Hill have been selected for the Alberta Community Art Clubs Association (ACACA) Alberta Wide Exhibition running at the Red Deer and District Museum, June 14 to July 19.

Barbara Rivers, who was a judge at the Didsbury Art Show in April, will be presented the Margaret Seelye Memorial Award in the Senior

Advanced Category for her painting "Crash and Burn." The award will be presented at the June 14 opening at 1:30 p.m.

The ACACA, since 1980, has annually held three zone shows where artists from Northern Central and Southern Alberta display their paintings. Between the three shows are close to 500 paintings to be juried, i.e. a panel of judges select the paintings to be sent to the Red

Deer Museum, where they are once again juried and picked for the Alberta Wide Show.

Rivers belongs to the Olds and Sundre Art Clubs and is a member of the Federation of Canadian Artists. She is currently preparing for a show in September at the Kerry Woods Nature Centre in Red Deer, where her and another local artist, Winter from Didsbury, will be having and exhibition of their paintings.

## News from the Dragon's Den

Greetings from the Dragon's Den.

Ironically, there is so much preparation for the final exams that there really isn't too much else happening at DHS right now.

Well, that isn't quite accurate. The Grade 9s have spent the week at Grade 9 Camp and according to some of the teachers who have already returned, "So far, so good." Hopefully there will be some special moments that will be remembered from this week on.

The Senior Tack athletes are off to Stettler for the weekend on June 12-13 to compete in Provincials. We certainly wish all of them the very best.

June 10-12 were Field Test days for the Grade 12s, as they

wrote a number of Field Tests in Diploma subjects as practice for the real exams which begin on June 18 and carry on until June 26. The Grade 12s finish attending class on June 17.

The rest of the students will attend classes until the end of the day on June 18 and then begin their exams on June 19. The exam schedule has been posted in numerous places around the school, as well as in each teacher's classroom.

Many teachers have been holding tutorials for the Grade 12 students to help them prepare and review for their Diploma Exams - so don't be alarmed if you saw a number of cars in the DHS parking lot on June 12, a 9 for 10 Friday off.

On Tuesday, June 16 the staff of DHS are holding an open house for the parents of

current Grade 8 students from Westglen. This will be an opportunity for the parents and students to become familiar with DHS and our programmes, athletic programmes and student council activities, such as May Monarch. Hope to see lots of new faces at this meeting.

Another upcoming event and one that is very important to Grade 12 students especially, is the Awards Evening to be held June 25 at 7:30 p.m. in the DHS library. The community of Didsbury should be very proud of their generosity and the achievements of the Grade 12 students who will be recognized on this evening. Again, we look forward to seeing as many guests as possible.

Hope you have a good weekend. The rumor is that the weather should be good.

# Words from Westglen: students at zone meet

By Christine Ta

This week the Wildcats of Westglen have been busy preparing for finals and the end of another school year. Here's an idea of what we're doing this week ...

The track and field representatives for Westglen are doing excellent at competitions. They went to zones last Wednesday.

The results will be given next time. Keep up the great work!

Last Tuesday night was the final concert for Westglen. All the bands did wonderfully. We hope that everyone that went to the concert enjoyed it.

It was Western Day with a pancake breakfast last Wednesday. We hope everyone enjoyed

the breakfast. Thanks to all the staff and parents who helped out.

The last dance was held last Thursday. A lot of people came and had fun. Thanks to the chaperones that helped supervise the dance.

Eleven Grade 8 students were entered into the Scholastic Competition. All 11 of those students each got above the na-

tional average. Robert McWhiney won two scholastic awards. He won the provincial and the national scholastic award. Fantastic! Keep up the great work, Robert.

Two weeks ago the Grade 7s (7B and 7C) went to the Glenbow Museum to spend the money they've raised from bake sales. Hope all of them that went had fun.

Also two weeks ago 7A went to Sylvan Lake for a field trip. They got to meet another Grade 7 class from Sylvan and also did some fun school activities with them. They also visited Dickson Dam, stayed overnight, visited the Creamery, the Stephanson House and the Hutterite colony. They must have had lots of fun. Thanks to all the staff and parents that helped out.

Grant Hemming

## Flying high

The Didsbury R/C Fun Flyers model airplane club will be holding their 7th Annual July 1 Canada Day Fun Fly and Air Show at their airfield northwest of Didsbury.

Grant Hemming has been involved with the club for nine years as says that the air show has been a big event in the past.

The event will showcase many model airplanes from enthusiasts from across the province. Hemming says that most of the planes are homemade and quite a few hours are put into building them.

Hemming is inviting the public to attend the air show from noon to 4 p.m. He says that signs will be posted one block north of Westglen all the way to the airfield.

He says that planes will be flying all afternoon and centre stage will be given to any special aircrafts that are present.

Any of the ten club members will be happy to answer any questions that you might have about the various aspects of the hobby during the afternoon.

A concession stand will be set up at the airfield and Hemming asks people to bring their own lawnchairs to the demonstration.

The show is subject to weather because stiff wind or rain makes it impossible to fly.

## National Champion

Have you ever wanted to be the smartest kid in your class? What about the smartest kid in your grade or in your school? Well, Robert McWhinney can now say he's one of the smartest kids in all of Canada.

McWhinney, a Grade 8 student at Westglen, is now the National Champion of the Scholastic Challenge 1998.

The Scholastic Challenge is a series of general knowledge tests with subjects including math and science. Students from all over Canada wrote the tests.

"I was really surprised I won, considering 13,000 kids wrote the tests," McWhinney said.

He shares the championship with another Grade 8 student in Canada, who attends a University of Toronto private school in Ontario.

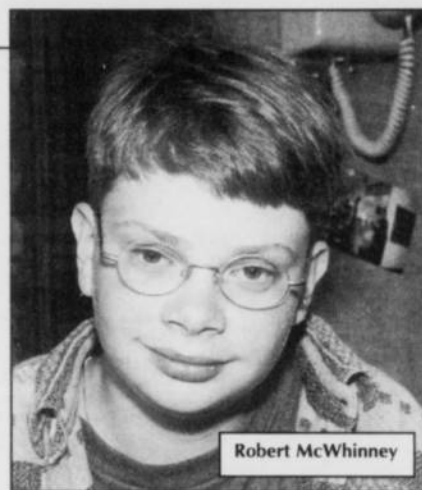

McWhinney first won the Provincial Championship and then went on to write the National tests, along with 15 other students from Westglen. Of the 15 that wrote, 11 placed over the national average.

McWhinney, 13, was presented the National Trophy at the Westglen Band Concert last Tuesday. He says "my parents were actually more surprised than I was."

McWhinney is a straight A student at Westglen, and says that he doesn't have to write any final exams this semester.

He says that his friends were very excited for him as well.

"They're not letting me hear the end of it."

Robert McWhinney

The Girl Guides

## Guides go!

These Guides have guts.

They plan to sail down to the Gulf Islands and back just for the fun of it.

The girls plan to camp on the Gulf Islands with another group of Girl Scouts from Arizona.

"We've been started planning about two years ago," says Melynda Adamchick.

Plane flights had to be booked, maps had to be drawn, schedules had to be drafted, and the learning, oh the large amounts of learning.

All of the girls who are going are currently working on jamming in a mini-lesson in marine biology so they can not only have fun on their trip, but learn about their surroundings. There is an 80 page booklet they have to learn before they start the first leg of their week long trip.

First the group will fly to Victoria on June 27 and will set sail from there. Their adventure will wind up at home July 5.

The girls who will be going are Melynda Adamchick, Alicia Hansen, Rachel Wannamaker, Chantell Wilshusen, Chrystal Wilshusen, Tanya Phillips, KayLee Kinch, Michelle Lauren, and Jennifer (Happy) Luft. The chaperones will be Mary Hatcher, Lynne (Stretch) Blair, Karen Bystrom and Dena Wannamaker.

## Happy 90th Anniversary

The Didsbury Library celebrates its 90th Anniversary on Saturday, June 20 as part of Main Street Daze '98. The Library's celebrations begins with displays and refreshments in the Library (2035-19th Ave.) beginning at 10 a.m. Harriet Lynch-Staunton will deliver an address at 12:30 p.m. followed by an Historical Tour of downtown jointly hosted by the Library and the Didsbury Main Street Project at 1 p.m. The tour will focus on the heritage buildings found in downtown Didsbury with a special emphasis on those buildings that once housed the Library. Everyone is invited to come out and learn a little bit of the history of the Didsbury Library and historical downtown Didsbury.

## Club coming to town

Didsbury has been approved by the Boys and Girls Clubs of Canada to start a club here in town.

Wendy Bauer has been a key figure in initiating this process. She says that now that Didsbury has been approved as a suitable place for a club, a whole new process begins.

Bauer says that members of our community that are interested in the Boys and Girls Club are invited to a meeting June 23 at 7 p.m. at St. Cyprian's Church, to assess what type of program Didsbury needs.

Some of the programs that other Boys and Girls Clubs in Canada offer are: daycare services, after school programs and job location programs, so the club is for children of all ages.

Once the community has decided what they would like to see in Didsbury, they will approach the Boys and Girls Club and ask to become a member.

Bauer says that what types of programs will be offered is still up in the air. "It really depends on what we discover the needs of Didsbury to be."

She says that their assessment will help them stay away from duplicating programs that are already being offered to children.

"The Boys and Girls Club is an excellent group to be affiliated with," she said. "We're asking anyone with an interest in helping youth develop to attend this public meeting."

**BOYS AND GIRLS  
CLUBS**

ROTHERT**

Sheryl Rothert likes to provide our readers with good-tasting, nutritious, low-cost, and quick-to-make recipes with easy-to-follow instructions. The recipes are usually quite basic with changes provided to satisfy most tastes. Sheryl has a B.Sc. and B.Ed. in Home Economics with close to 15 years teaching experience. You are welcome to drop off your comments, suggestions, and/or contributions to the Review office.

Camping season is now in full swing for some of you and soon to be on many people's list of things to do on the weekend and holidays. Eating is something most people do a lot of while camping, so in the next few weeks I'll be giving you a few recipes to get you by while still leaving plenty of time for fishing, golfing, swimming, reading.....and staying healthy!

(What? We don't just bring lots of steak and eggs ?!!!!)

**First:** try to make a lot of things ahead of time and freeze - this helps for

proper storage of food, lengthening its lifespan! ie. Chili, spaghetti sauce, lasagna, hamburger patties, stew, soups, biscuit and pancake mix(in the dry stage), muffins.

**Second:** take your vegetables and fruit in the original shape and cut later(it'll keep longer).

**Third:** only take what you need for extras like sugar, salt, ketchup, etc. to conserve space, if it's limited.

Now, for a recipe that goes great with Hamburger Soup from last week: (I'll include a recipe for another main course next week)

### Skillet Cornbread

- |                       |                  |
|-----------------------|------------------|
| 2 c. cornmeal         | 1/2 c. HOT water |
| 1c. whole wheat flour | 2 eggs           |
| 1 grated carrot       | 1 Tbsp. honey    |
| 1/4 tsp. cloves       |                  |
| 2 tsp. baking powder  |                  |

1. Before camp: combine the ingredients of the first column and place in a jar (with a lid!).  
2. At camp: combine the last 3 ingredients with the first in the jar and mix gently until blended, but still lumpy.

3. Place 3 Tbsp. canola oil in the skillet and spoon the batter in to fill the pan; cover with a lid or foil.

4. Cook over LOW heat for 10 min.; turn over and brown on the other side.

\*\*\*Serves 4 - 6

## Museum Musings

By Marg Weaver

The Museum is open again!

It has been cleaned from top to bottom and is looking better than it has for a long time. The boilers are in and completed, and we're ready to go.

Because of the \$25,000 we received from the Town of Didsbury and the volunteer hours donated to the Museum, we achieved one of our goals. Now we are more or less debt free. Broke, but at least the bills are paid. Our fingers are crossed.

It was necessary to complete this major project before any of the other repair jobs can be started.

Next on the list is the replacement of the eavestroughing, and painting and repairs to ceilings on the insides, which were damaged by leaky pipes over the years.

Our next board meeting is on June 17, when we will reschedule the "Turn up the Heat" barbecue. This is to celebrate the completion of the boiler project.

Also, we will resume our first Thursday of the month teas in July.

The raffle is still going on. The quilt can be viewed at Mugs. Penny has tickets for sale.

Joan, our grants person, is busy writing letters applying for grants to do all the future work.

Come and join us at the Museum. We will be open on Canada Day as usual and also on Saturdays during July and August.

### Local U of L grads

The following area students graduated from the University of Lethbridge in the Spring 1998.

Carstairs: Colin David Olthof - Bachelor of Arts; Cindy Lea Patterson - Bachelor of Arts/ Bachelor of Education; Lori Lynette Snyder - Bachelor of Arts/ Bachelor of Education, Distinction.

Didsbury: Cory Mitchell Green - Bachelor of Arts/ Bachelor of Management.

Olds: Jody Ann Funkhouser - Bachelor of Arts and Science; Todd Jason Gallais - Bachelor of Arts/ Bachelor of Education; Laura Marie Jeffrey - Bachelor of Science with Distinction.

## RELIGION

## Way of Life: Unused treasures

Proverbs 2:2,4. "...incline your ear to wisdom .... (search) for her as for hidden treasures."

Approximately 35 years ago, Linda D. Knox, a widow who lived in a small third-floor room in Chicago, passed away at the age of 94. She was known as a collector of antiques. After her death, the administrator of her estate found a 50 year accumulation of valuable chinaware, paintings and unopened crates and trunks crowding the ceilings of more than a dozen, dust-filled, unlit apartments. Twenty more rooms full of antique furniture were discovered at a River Forest mansion, which Mrs. Knox had purchased in 1932. While going through some of the trunks of valuables, a fortune in hidden diamonds was unexpectedly uncovered in the false bottom of one of them. Desks held \$22,000 in uncashed cheques, so old they were no longer negotiable.

Now before we criticize the widow for not exploiting and enjoying her riches, we need to ask ourselves some questions, especially if we call ourselves Christians. "What real use am I making of the 'room after room' of spiritual treasures which are to be found in the Holy Scriptures?" "Do I search for the true wisdom as one who looks for hidden treasure?" "Is that the way I go

about Bible study?" "Do I seek to know the Lord Jesus Christ more intimately every day, realizing that in Him are hid all the 'treasures of wisdom and knowledge'?"

What about those unredeemed "cheques" of grace that we have been too worldly minded even to attempt to cash. Or what about the priceless jewels hidden away in the darkness which you and I might

have gathered for our diadem but were too spiritually lazy

## Bancroft Women's news

The Bancroft Women's Institute met June 8 for a tour and luncheon. Eight members and one guest spent a very interesting morning at Brian and Al's glass blowing workshop. This talented duo demonstrated several glass blowing and molding techniques

used in the production of their beautiful works of art. Everyone came away with a greater appreciation for the hours of work and creative talent required.

Bancroft will host the July Birthday Tea at the Didsbury Nursing Home on July 15.

The annual community

weiner roast and social gathering at Midway Community Park will be held at 6 p.m., July 27. Bring your own weiners and buns. Coffee, juice and cake will be supplied. Hosting the event will be Bancroft WI and Lone Pine Old Timers Association.

## Mountain View Lodge news

By Annie Caush

Hi all. Hope you all are enjoying our spring weather. It's surely nice to see so many flowers in bloom, but I guess a good rain would be welcome.

This correspondent spent a week in beautiful British Columbia. The roses and peonies were at their best and were really lovely. It was nice to drive up the hillside that burned off in a forest fire three

or four years ago and see so much new growth. Nature is wonderful.

A number of our residents went to a greenhouse recently and came back with lots of plants, so our Lodge grounds will be really nice a little later.

Those who went to the Spring Tea at the Foothills Lodge in Sundre reported a nice afternoon.

June 7-14 is Senior's Week

here so we are looking forward to some extra activities to report later.

In Hospital we have Kate Pollach. It was nice to see her 'home' on a 'pass' several times. We hope you will soon be 'home' to stay.

Our Lodge was saddened this past week by the sudden passing of Alice Bannerman. We extend our sincere sympathy to her family and friends.

# CWB Bulletin

## At a glance:

The Canadian Transportation Agency (CTA) has set a new deadline for a ruling in the CWB's level of service complaint against CP Rail. The CTA must rule, in writing, by Sept. 30, 1998. The public hearing into the complaint concluded last Friday in Ottawa with the final arguments from both sides. The CWB's key testimony showing CP treated grain unfairly has remained unchanged by CP.

The CWB will accept 100% of the wheat, durum and feed barley offered for delivery under the Series D contract. Prairie farmers can begin delivering immediately on Series D contracts.

Dr. Franz Fischler, the EU Commissioner for Agriculture and Rural Development, was in Winnipeg on June 8 as part of a Canadian tour. Fischler met with CWB Commissioner Richard Klassen and Prairie farm leaders. Five farmer representatives made presentations, many of them calling on the European Union (EU) to substantially reduce export subsidies.

## From elevator to port:

For the week of June 1 to 7, rail car unloads for the six major grains exceeded targets at the West Coast. Rail car unloads totalled 1,658 at Vancouver (target: 1,460) and 739 at Prince Rupert (target: 460). At Thunder Bay, rail car unloads totalled 1,400 (target: 1,600).

Primary elevator space across the Prairies averaged 44% last week. Manitoba elevators averaged 52% space, Saskatchewan elevators averaged 40% space and Alberta elevators averaged 41% space.

## FOB forward:

The CWB met its target of moving 85% of farmer's grain, including 1997 carryover, into export or domestic position by the end of May 1998. As a result, export movement will be slowing down over the summer period until the new crop is harvested. Rail car movements from country elevators will also slow as there will be fewer vessels arriving at port for grain. For example, there were only two vessels loading grain at the West Coast on June 8, two waiting to be loaded and three vessels due to arrive.

## Potpourri:

There were over 7,000 transcript pages of oral testimony in the Canadian Transportation Agency (CTA) public hearing into the CWB's level of service complaint against CP Rail. The hearing was also the longest in the 10-year history of the CTA and its predecessor the National Transportation Agency. The CWB entered 72 exhibits during the 10-week hearing compared to 197 exhibits for CP.

# Early May felt like summer in Alberta

All Alberta locations reported above normal monthly average temperatures for the second month in a row. The provincial average May temperature was 2.8 degrees above the 1961 to 1990 average of 10.2 degrees C and the April provincial average temperature was 2.7 degrees above normal.

"May started with daytime temperatures reaching around thirty degrees," said Peter Dzikowski. "Temperatures returned to slightly above normal the second and third week of May. The warm weather continued to the end of the month however some locations reported localized frost damage late in the month."

May temperatures ranged from 0.8 to 5.7 degrees C above normal. The Peace Region reported the greatest tempera-

ture departures, 3.9 to 4.7 degrees above normal. These averages are based on data recorded at 62 Environment Canada climate stations across Alberta.

"Growing degree day totals for May were ten days ahead of normal in the southern region, two to three weeks ahead in the north east, north west and central regions, and three and a half weeks ahead in the Peace region," said Dzikowski.

"Growing degree day totals are used for comparing the progress of a growing season to the long-term average and are useful for estimating crop development stages and maturity dates."

The provincial average precipitation of 43.2 mm was 4.3 mm below the 1961 to 1990 average of 47.5 mm.

The southern region reported above normal precipitation. The northeast, northwest, central and Peace regions reported below normal precipitation totals. Amounts of 11.4 to 184.8 mm, or 11 to 261% of normal were reported. The eastern half of the central and north east regions, and parts of the Peace region were the driest areas in May.

"Stavely west reported the greatest precipitation departure with 171.2 mm or 324% of normal," he said.

On the dry side, Lac La Biche reported 5.8 mm of precipitation in May, only 11% of its long term average.

"The Environment Canada temperature anomaly forecast for June, 1998 is for below normal temperatures for Alberta. Climatology indicates that summer months with below normal temperatures tend to have above normal precipitation. Above normal temperatures in May were associated with below normal precipitation in most of Alberta."

## Certified Crop Advisors

Crop advisors have been with us since the beginning of agricultural history, but becoming a certified crop advisor is something new. Agriculture is becoming a bigger, more complex industry. This means there is a greater need for specialized training and higher professional standards. The time is right for crop advisors to become specialized professionals.

Experienced crop advisors can now become Certified Crop Advisors or CCAs. They are becoming recognized professionals as the demand for their services is at an all time high. The Alberta Wheat Pool will hire certified crop advisors on the spot, if it can find them. Many agricultural service companies are requesting that their new employees become CCAs.

The job title is a good description of what a crop advisor does. They advise farmers on fertilizers, pesticides and seed varieties to increase or optimize crop production in environmentally safe ways. They have training and experience in soil, water, crop and pesticide management.

With its excellent reputation and hands-on style of teaching, Olds College is a leader in training crop advisors. The College offers a two-year diploma in Land Resource Management with a Crop Advisor major.

Ed Toews coordinates the Crop Advisor program at Olds College. He also serves on the Prairie Region Examination Board for CCAs.

He says, "Becoming certified is all about developing a level of expertise and having that expertise recognized in a formal way. The advantage of being certified is that you get international recognition in North America and it tells a prospective employer that you have the basic knowledge and ability to do the job."

"Certification also promotes professionalism among the people that advise farmers," Toews said. "And it credits people for their experience and knowledge, regardless of how it was obtained."

An individual can write the certification exam anytime, but you require a combination of formal training and field experience in order to be certified. For example, with your Olds College diploma, you need two years of field experience in order to qualify for certification. Even with an agriculture degree, one year of experience is required. You also have to score 75% or better on the exam.

To be certified you actually write two exams. There is a standard exam, the same throughout North America, which measures your knowledge of soils, water, crops and pests. There is also a regional exam, which tests on information specific to the prairie region.

In Alberta the first CCA exams were written in August 1997 and 42 people were certified. Sixty-five people wrote the exams in February, 1998. The next examination will be written on

Aug. 7 at Olds College. The College is offering a three-day preparation course for the August exam. For more information call 1-800-661-6537 or (403) 556-8281.

Certification was started by the American Society of Agronomy (ASA) in 1992 in the United States. Most American states now recognize the certification and more than 10,000 people have successfully written the exam. The ASA also coordinates certification in Canada with the help of the Canadian Association of Agri-Retailers, based in Winnipeg. They can be reached toll-free at 1-800-463-9323. Applications for the August exam must be received by the ASA by June 26.

# Canadian Grain Commission announces changes

Barry Senft, President and Chief Commissioner, Canadian Grain Commission (CGC), has announced immediate and future changes at the CGC.

"Events occurring in the grain industry are impacting on the Commission. We must take short and long-term changes in order to adapt and to continue fulfilling our fundamental mandate," said Senft.

The CGC generates most of its revenues from services that it provides to the grain industry. It is projecting a significant decline in revenues now and in the future. Steps will be taken immediately and in the future to address this situation.

Over the short term, the expected fiscal deficit will be addressed. Planned expendi-

tures have already been reduced. A total of 45 to 50 positions will be eliminated by June 22, 1998; most of them are located in Winnipeg. In consultation with the grain industry, the CGC will review some of its services with a view to ensuring that the fees recover the related costs.

Over the longer term, the CGC will be conducting a complete review of all of its services, operations, expenditures and fees. The grain industry will be asked to provide input.

"The CGC's quality assurance program is critical to the Canadian grain industry and our services must be relevant and efficient," said Senft. "Canada's reputation for grain quality, a cornerstone for the grain industry,

will not be affected by these changes."

The Canadian Grain Commission is the federal agency responsible for establishing

and maintaining Canada's grain quality standards. Its programs result in shipments of grain that consistently meet contract specifications for

quality, safety and quantity. As well, the CGC regulates the grain industry to ensure fair treatment of producers and the integrity of grain transactions.

## Horticulture Week

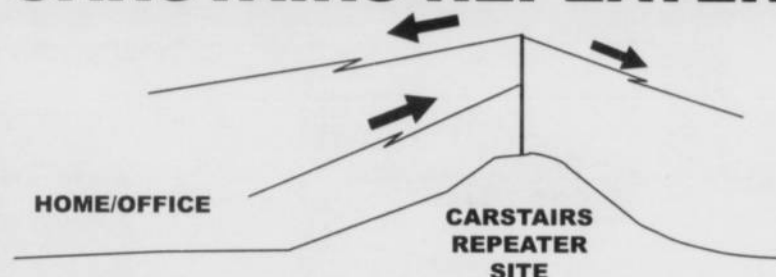

Olds College is hosting the 34th annual Hort Week July 19-24, an event anxiously awaited by amateur and professional gardeners alike.

"It's an opportunity for everyone to enjoy themselves while learning more about horticulture," said Coordinator Edie Stelkovic. "Whatever their individual interests, participants can learn new skills or brush up old ones, explore new developments and get up-to-date information about industry developments."

Stelkovic adds, "We bring in experts from a wide range of the horticulture industry and it is unusual to have such a wide variety of information at one location at one time. Hort Week has helped earn Olds College its industry-wide reputation for green thumb excellence and their year's event will continue that tradition. Professional designers, floral shop managers and amateur gardeners will all find something new to learn."

There are workshops on everything from alpine gardens to water gardening in containers. Guest speakers include Jan Mather on garden design and Lois Hole on "Gardening into the 21st Millennium." New this year is a herb growers school with subjects ranging from growing echinacea and St. John's Wort to how to become a certified organic gardener.

## CONSTRUCTION

### THERE'S NO ALTERNATIVE TO CONCRETE

Concrete is the basement building material with all the advantages.

Its a proven performer, Rugged Tough, Durable. A concrete basement will never burn or rot.  
And concrete is safe. Quality controlled, concrete needs no toxic chemicals which may be hazardous to building occupants.

Concrete is an energy-wise choice. A concrete basement needs little heat or airconditioning. And concrete walls are easily insulated.

Economically, concrete is a good investment. A concrete basement will add years of life to the foundation and considerable dollars to the resale value of your building.

Add up the advantages. There's simply no alternative to quality controlled concrete. The best basement building material.

IN A LAND FAR, FAR AWAY...

The students at Westglen wrapped up their dramatic year with a performance for their fellow students last week. The Grade 8 class entertained one and all with a play about a middle eastern king and his daughters' mischievous ways.

Photo By Nicole Smith

## Mothers County champs

For the fourth consecutive season, the Dirty Mothers have won the County League championship. With seven regular season wins and one split (an unplayed game), the short-lived County League season has come to a close. The season, however, did not come to a close until the wind-up tournament had been played and a tournament champion had been crowned.

The wind-up tournament ran at the Westward Ho ball diamonds this past week and all eight league teams participated. The Fallen Timber Finishers were the tournament organizers and they put on a very impressive and organized tournament.

The Dirty Mothers won their three regular round-robin games which won them a bye to the A semi-finals. The Cremona Cruisers, with a record of two wins and two losses prior to the A semi-finals and after squeaking out a seventh inning win in a quarter-final against the Finishers, they were to be the Dirty Mothers' semi-final match.

The game proved to be a defensive match with both teams playing great in the field, letting no ball get away on them. The Cremona short-stop came up big on a lot of plays and really did a good job of almost single-handedly shutting the Mothers down on the bases and at bat.

On the offensive side, both teams were having trouble waking their bats up and a total of seven runs were scored in the game - really! It was to be the Cruisers who scored four and the Mothers who scored three and the tournament champions being crowned were the Cremona Cruisers. The Mothers went on to win the B final against Caroline 23-8.

Now that the County League is finished, the Dirty Mothers plan to focus their fundraising events and their play in the Calgary Ladies Slowpitch League. Their next fundraising event is Maritime Night this Friday, June 19. Tickets are available at Mountain View Sports or any one of the Dirty Mothers. Come for steak and lobster and fixin's and stay to dance to some great rock and roll that will be played by Common Ruin - a live band from Sundre who have been credited with some rave reviews on their performance.

## Rebels holding their own on the field

By Rhonda Hunter

With only two regular season games left (wow, does time fly!), the Bantam Rebels presently sit in second place in the Wildrose Softball League with an impressive record of 11 wins

and 2 losses. One of their two remaining games is against the Olds Bantam girls where they will be out to win the best of their three-game match-ups. With a win, the Rebels could jump to the lead in the league

heading into the league wind-up tournament. The wind-up tournament will take place June 20 and 21 in Olds.

All six league teams - Crossfield, Innisfail, Airdrie, Olds Bantams, Olds Pee Wees

and Didsbury - will be participating in the wind-up tournament.

The following weekend, the Rebels will be participating in Bantam D Zone 5 playdowns. Six teams from our zone, which extends from north of Red Deer right to High River, will be vying for the right to represent Zone 5 at Provincials in Spruce Grove, July 19-21. Innisfail, Irricana, Red Deer, Lacombe, Didsbury and one team, whose name escapes me, have thrown their hats into the zone playoff ring.

Zones will once again be hosted right here in Didsbury and the majority of the games will be on the Jets diamond. While tournament organizers are busy looking after the administrative details of hosting zones, the Rebels will be busy fine-tuning their ball-playing skills.

They are ready to meet the challenge and are eagerly anticipating the opportunity to once again represent our zone at the Bantam D Provincial playdowns.

More information regarding zones and the game schedules will be in the Didsbury Review June 24.

## Didsbury Aqua Jets host meet

By Donna Tyler

The Didsbury Aqua Jets hosted their annual "Four Events - Four Hours" swim meet on June 6 in Didsbury. Eight clubs from Region E were in attendance.

The Didsbury Aqua Jets swimmers had outstanding performances at the meet. The swimmers' performances coupled with the depth of the club this year, had the Aqua Jets accumulate the most points, thus winning the meet.

Many of the swimmers attained their best times, as well, we had many aggregate swimmers.

In the six and under age group, aggregate winners were Morgan Smith (gold) and Brittany Tyler (silver).

In the nine and 10 age group, Cameron Durieux won gold and Jillian Tyler won silver.

In the 13 and 14 age group, Pam Palardy won gold and Trevor Wilde won bronze.

Ruth Fitzsimond won a gold in the 15 and 16 age group.

In the 17 and over age group, Chad Durieux won silver and Patrick Palardy won bronze.

On June 13 the Aqua Jets will be competing at a meet in Calgary.

The Aqua Jets are coached by Lynne Chernow, Collen Jegou and Chad Durieux. All three coaches were pleased with the swimmers' times and performances.

We wish all the Aqua Jet swimmers good luck in Calgary and extend a big congratulations on a great first meet.

## Pool Splashings: Free food

By Leah Wygiera

It's summertime. We are really excited at the Aquatic Centre because when the sun comes out, more of you come in for a cool dip.

Summer also means school's out and kids, are you ready to

celebrate? We sure are and want to help you have a great time. So on June 26 bring your favourite pool toy or biggest water gun and join us for a wild time. There will be games, prizes and hot dogs as well.

Happy Canada Day July 1

everyone.

We are hosting a Canada Day Breakfast for all our dedicated lap swimmers and aquajets participants. Join us from 6:30 to 9 a.m. on the patio. We're cooking for everyone that day.

## Golf season

By Marge St. Clair

The golf season started with the 'Spring Swing on May 24, a blind draw that "gets all golfers together for a Texas Scramble and then a great barbecue and camaraderie that follows."

The most honest golfers on this day were Penny Clazie, Rick Phillips, Ernie Hoeft and Barb Dalzeil.

The low score prize after a countback with two other teams was awarded to Rod Collinge, Marge St. Clair, Dave Franz and Lyle Vallentgoed (visiting here from Yellowknife).

The next big event was the Men's Two Ball Best Ball on June 7. There had to be about three changes of clothing handy on this day, but the large crowd of golfers took it all in stride and enjoyed the golfing, the barbecue and the great cash prizes which were awarded to:

1st Flight: 1st Dallas Johnson and Don Morrish; 2nd Andrew Sweetman and Ron Sweetman (on a countback); 3rd Ty Stabler and Darren Klinck (countback).

2nd Flight: 1st Len McKetiak and Kurt van Dyke; 2nd Stacey Jeffares and Gil Dalzeil (countback); 3rd Al McCoy and Bruce Robertson (countback).

Long Drive #9 - Stacey Jeffares; Long Putt #4 Roger Southgate; Closest to #7 Green in Two Shots - Rod Collinge; Closest to Pin on #8 - Dallas Johnson.

The fairway watering is in the final stages of installation, the flowers have been planted, our course is sure a beautiful place to be and the beautiful painting on the water tower just sets it all off.

The next big event is the Ladies Invitational being held June 24 at 6 p.m. (all ladies please try to be there at 5:30 p.m. at the let est). Supper and prizes to follow the golf. Get your entries in by phoning the clubhouse at 335-3635.

## Canada Day free swim

Wouldn't it be great if you could come to the Didsbury Aquatic Centre every once in a while and not have to pay to get in? Wouldn't it even be better if you could do this on a day where the whole family could come together for a free swim, say ... on a holiday? Well, now you can.

Swim free, slide free, soak free and steam free at the Didsbury Aquatic Centre. Yes, really. "Holidays on the House" - a new business and association-sponsored program - will treat everyone to a day of splashing good fun at the pool. Holidays are being sold at the pool to associations and businesses in Didsbury and area. The way this works is that the business or association selects a holiday (Canada Day, Labour Day ...), they offer their sponsorship of the day, and then the DAC opens its doors and closes its tills. Sounds too good to be true? Well, believe it.

Canada Day will be our first ever Holidays on the House holiday. Didsbury will already be hopping with all the events and activities that are taking place through organization by

the Canada Day committee. Before or after, or before and after you take in the events around town, come in for a refreshing (and at no cost) dip in the pool.

Swimming hours for Canada

Day are: 50+ Fun and Fit, 12-1; Public 1:30-5 and 6:30-8:15; Aquacize, 8:15-9 p.m.; and Adult Swim 9-10. Just walk on in, check in with the cashier and enjoy the facility compliments of Didsbury Drugs.

Summer swings at Jazz Festivals in Edmonton, Calgary and Medicine Hat.

Photo credit: Calgary Stampede

There was once a Calgarian who didn't own a pair of jeans, boots and a Stetson...but he left for Toronto under cover of darkness! This year's Stampede goes July 3-12.

Classic show jumping, dressage and horsemanship are the order of the day at Spruce Meadows. A must see for the whole family.

Pick your Banff Break at the Banff Arts Festival June 12 to August 22 and join in this celebration of the arts.

Old time rodeos are happening all over Alberta this summer. City slickers are welcome in our friendly Alberta towns.

When the balloon goes up in Grande Prairie, it's time for the world famous Alberta Hot Air Balloon Championships August 13-16.

This year it's 'A Clockwork Fringe', in Edmonton (August 14-23). And Lloydminster's a city that really knows how to 'Fringe' too (August 7-9)!

# Alberta's exciting festivals will have you on the edge of your blanket.

From Edmonton's renowned Festivals to the Big Valley Jamboree, Albertans know how to liven things up. Give us a call and you'll know where all the best celebrations are this summer. Then you can start blanketing the province.

Take an Alberta break. Call 1-800-661-8888.

Travel Alberta

Multicultural munchies are a part of 'A Taste of Edmonton' and 'A Taste of Banff'.

Buffalo Days at Head Smashed In Buffalo Jump (July 17-19) is just one festival where our First Nations showcase their culture.

The history of the air comes to life at the Lettbridge Air Show on August 8-9.

Westerner Days (July 15-19) in Red Deer - exhibits, bands and festival food for all. It's down the road from just about anywhere in Alberta.

Alberta takes a Break to celebrate the magic of Canada Day, July 1st. Spend a little extra time with family and friends in your hometown this year.

You don't need a passport to experience cultures from around the world. Many Alberta cities and towns celebrate Heritage Days.

In Lesser Slave Lake, there's the Sandcastle Championship July 26 for those dream builders in the family.

Make a date for a Break at an Alberta country fair this year for your family.

Can you think of a more beautiful setting for a Folk Music Festival than Canmore? August 2-3.

# OVERTIME

Bring out the brooms!

It's deja vu from last year as the Detroit Red Wings are 60 minutes away from sweeping their second consecutive Stanley Cup final. And the way these Red Wings are playing, nothing can stop them. Not even Godzilla. So the Wings, providing they win at least one out of a possible four games, will be the first team to win back to back cups since the Pittsburgh Penguins did it back in the early 90s.

The question remains, who is going to take home the Conn Smythe trophy as the MVP of playoffs? It has to be Stevie Yzerman, Niklas Lidstrom or Sergei Fedorov. Yzerman leads all players in post-season scoring with 24 points (6 goals, 18 assists). Fedorov is just 6 points behind (10 goals, 8 assists) and Lidstrom is second in scoring, first among defensemen with 19

points (6 goals, 13 assists).

All three have also been a tower of power defensively, especially Lidstrom who has easily logged the most minutes out of any Detroit player this series.

Goaltender Chris Osgood and

forward Thomas Holmstrom should be given honourable mentions for their exceptional play.

But, it's the trio of Yzerman, Fedorov and Lidstrom that got the Wings this far - and likely farther.

# ANNOUNCEMENTS

## 06 OBITUARIES

IN LOVING MEMORY of Edith Catherine Gross (nee Maxwell) deceased on Sunday, June 7, 1998 at the Foothills Hospital in Calgary, Alberta. Edith was born August 11, 1928 in Meyronne, Saskatchewan. She grew up in the Nokomis area of central Saskatchewan. After graduating from high school, she attended Normal School in Moose Jaw. In 1947, she started her teaching career in a one room school house in the Hodgenville area of southwestern Saskatchewan where she met Leo Gross. They were married in Blessed Sacrament Church in Regina, Saskatchewan on December 27, 1949 and they moved to Didsbury in 1973. Edith was a gentle, loving, caring person who lived her Christian values in dedication and devotion to family and friends, always putting others before herself. She loved flowers and Bible study, was a member of the CWL in excess of 25 years, enjoyed travel, baseball, hockey, visits with relatives and friends and time spent with her grandchildren. Edith was predeceased by her son Lorne (1977) and is survived by her loving husband of 48 years, Leo Gross; by her children and grandchildren: Joan; David; Allan (Denese) their children; Cathy, Jamie, Jennifer, Gregory and Rebekah; Ted (Anita) and their daughter Sophia; Mary (Cameron) Wood their children Cody, Megan, Cristian, Karen (Oluvide) Oyelese; her brother, Allan Maxwell; sister, Muriel (Laurie) Cross their children and grandchildren. Edith leaves behind a legacy of love and beauty and will forever be missed by all. The Funeral Mass was celebrated on June 12, 1998 at St. Stephen's Roman Catholic Church in Olds at 2 p.m. Interment followed at Didsbury Cemetery. The reception took place at St. Stephen's Catholic Church Hall. In lieu of flowers, donations may be made to the Canadian Cancer Society, Mountain View Funeral Chapels, Didsbury entrusted with arrangements. 9-11

## 09 MEMORIAM

NUSS - REG, June 16, 1996. Remembering you is easy, we do it every day. But missing you is heart ache, that never goes away. Lovingly remembered by Marilyn, Bob, Myrna and families. 9-11

## 09 MEMORIAM

IN MEMORY OF Tyson Van Tighem who "went to the stars" two years ago. We think of you often and miss you always. Love Tammi and Ron, Sawyer, Shallaine and Cassidy. I want to know why? All of the good times we had. All of the good times you had. Why did you do it? You hurt a lot of people After your accident. We all worried. You would think you would appreciate life. All of those people who cared. Now there is many more. Except this is worse. You're gone this time. All I want to know is, Why? Why did you do this? You were like the big brother. That I never had. A big brother that I cared for. Even loved. Now that has come out. But in tears. Tears that I will always remember. Memories that I will always remember. I never thought this day would come. I just assumed that you would always be here. I will miss you with my whole heart. And will always remember you. Why? Love always, Meghan.

## 09 MEMORIAM

Some people have reasons, Some people don't, I will never know, For he never left a note. On Father's Day, We got the call, A smart, wise, poetic young fellow, Had taken his life to ease the pain. At the age of 23, He had it all going, To think he could have done it, I was not knowing. James Richard Fife, A graduate of DHS, In June 1984, Till June 18, 1989, We never heard the cries, When he was in pain, Upon the day of his death, I said my last goodbye. I do not shed tears, For it does not ease the pain, To forgive and forget, Love will always gain. Love your niece, Laurie Fife.

## 02 BIRTHS

JANELLE (ZEILER) AND Liberi Kopplhuber are pleased to announce the arrival of Eric, brother for Lucas and Christoph. Born June 2, 1998 in Klein St. Veit, Austria. 9-11

## 09 MEMORIAM

FIFE, JAMES RICHARD. In loving memory of a dear Son, Brother and Uncle who passed away 9 years ago June 18, 1989. When ties of love are broken, And loved ones have to part, It leaves a wound that never heals, And a sad and broken heart. But looking back on memories, Upon the path we trod, We're thankful for the years we had, And leave the rest to God. Lovingly remembered and sadly missed by his family, Mom, Dad, Dave, Bill, Patti and their families.

## 13 EMPLOYMENT OPPORTUNITIES

### PART-TIME INSTRUCTORS EXTENSION SERVICES

The Extension Services Department at Olds College has opportunities for enthusiastic Instructors to teach part-time programs in the evening or on the weekend. Course offerings will be dependent on the areas of expertise of the Instructors and on registration. Innovation is encouraged. Courses will be offered between September and June.

Interested applicants are invited to submit a proposal including the following information:

- The continuing education credit or non-credit courses you would be interested in teaching;
- A course outline for each proposed course;
- Expected pay range/rate;
- The times (day and/or evening) you would be available to teach; and
- Your qualifications to support your application.

Proposals and three references are to be submitted by **Tuesday, June 30, 1998** quoting competition number 98087C to:

**OLDS COLLEGE**

Human Resources Department  
Olds College  
4500-50 Street  
Olds, Alberta T4H 1R6  
Fax: (403) 556-4794

We wish to express our appreciation to all applicants for their interest and effort in applying for these positions and advise that only applicants selected for interviews will be contacted.

## 13 EMPLOYMENT OPPORTUNITIES

FULL-TIME OR Part-time Sale Opportunities. Our Calgary-based specialty lubricants company is a world leader in Agricultural Lubrication. We maintain command in this industry through cutting edge research and development; combined with an active concern for the relationships we build with our customers. Our business is growing and requires an expansion of our current full time and part time sales team in a number of rural communities in Central and Southern Alberta. As a major player in our team, strategic thinking, decisive action, combined with strong interpersonal and observation skills will help you access and draw potential customers to our organization. Candidates must have established credibility in their communities, a high energy "can do" attitude and a resourceful and creative mind. All strong attributes for success. You must be very comfortable in an Agricultural setting and require self motivation to seek out, call on, and present our product line to farmers and ranchers. We offer a superb company sponsored training program, ongoing field training and an excellent opportunity for advancement. First year full time earnings should exceed \$35,000. If you are looking for a solid career, have a reliable vehicle and are willing to put forth a solid effort, make contact with us today. Please forward your resume in strict confidence or telephone for an appointment. Power Up Southern Alberta 6171 6th Street SE Calgary, AB T2H 1L9 Tel: (403) 252-2549 or 1-800-661-7777 Fax (403) 253-5791 e-mail at www.powerlubricants.com C/O Ralph Lewis, Regional Manager. awna
